Ilya Sukhar:
>Are we doing dinner?

Douglas Purdy:
>i haven't heard anything from brad. let me see if he confirmed.

Douglas Purdy:
>he is here.

Douglas Purdy:
>i'll bring him up

Douglas Purdy:
>you in the parse area?

Ilya Sukhar:
>no

Ilya Sukhar:
>let me meet you in the dining hall

Ilya Sukhar:
>let me know where you go

Ilya Sukhar:
>debating ps12n with david and bryan who are upset about the final proposal :(

Douglas Purdy:
>i think we need to move beyond login v4 and accept that there are somethings that we aren't ok with on our platform moving forward. i am happy to talk to whoever about this, but i think the final proposal is fairly reasonable for the balance of interests we have at play here. i would much rather those guys fix login, especially after my experience. i am happy to share my experience with them, i think making that good is much more important than birthday or contact apps, etc. that could be impacted. going to get brad...

Ilya Sukhar:
>i think it would be helpful if you delivered the slightly cynical message to them

Douglas Purdy:
>ok. :-). in 18 cafe with brad.

Ilya Sukhar:
>coming

Ilya Sukhar:

>So the message that they need to hear IMO is primarily an explanation of the political landscape around competitive apps and a more straightforward take of "yeah this isn't great that we're taking a step back but it'll allow us to take two steps forward"

Ilya Sukhar:

>Their primary worry is that we're stuck under leadership that doesn't get the implications of thrashing a platform

Douglas Purdy:

>got it. thanks. i'll get time with them this week to discuss.
